- Change Management

ENGINEERING

- Engineering Management
- Structural Design
- Piping & Mechanical Design
- Electrical Instrument & Automation Design
- Fabrication & Construction Engineering Support
- Load-out & Sea Fastening Analysis

CONSTRUCTION

- Wellhead Platforms
- Central Processing Platforms
- Onshore Modules & LNG Plants
- Tank & Pressure Vessel
- Sub-sea Manifolds & Structure
- Blasting & Coating

INSTALLATION

- Load-out & Sea Fastening
- Onshore Pipeline Installation & Stabilisation
- Modularized Conveyor Systems
- Hydro Testing – Line Blowing & Passivation
- Pre-commissioning
- Hook-up & Commissioning Green / Brown Field Works

PROCUREMENT

- Material Co-ordination
- Expediting
- Logistics
- Warehousing
- Inspection

HEALTH SAFETY ENVIRONMENTAL

CIES Thailand are committed to a ' Full Compliance Culture' where health, safety and environmental matters are of the highest priority in all activities. Striving for continuous improvement.

- Assess H&S in all stages of planning, design and construction
- Constantly develop and implement H&S procedures and involve all employees and commit all necessary resources
- Ensure all employees have relevant training to conduct work safely
- Complying with all applicable laws, regulations and statutory obligations relating to environmental issues
- Managing environmental and related issues in accordance with any client requirements, policies and procedures
- Communicating regularly with community groups and key stakeholders on environmental issues.

MISSION STATEMENT

Transforming the DNA of the Thailand Work Environment

- We are committed to completing all projects incident and injury free, to budget and schedule.
- We lead by example, creating a culture of constant improvement at all levels.
- Safety is a way of life... it doesn't just stop at the gate.
- To us, true success is living, working and acting safely.
- We leave a legacy of culture for worker and leaders to ripple out and raise the profile of safety within the wider community.

- Virtual Testing Level II
- Radiographic Testing Level II - FI
- Visual Inspection For Welding
- Magnetic Particle Testing Level II
- Ultrasonic Testing Level II - UT

SCAFFOLDING & ACCESS SYSTEMS CERTIFICATION

Australian Certifications

- CPCCLSF4001A Advanced Level 3 Scaffolding
- CPCCOHS1001A Work Safely in the Construction Industry

European Certifications

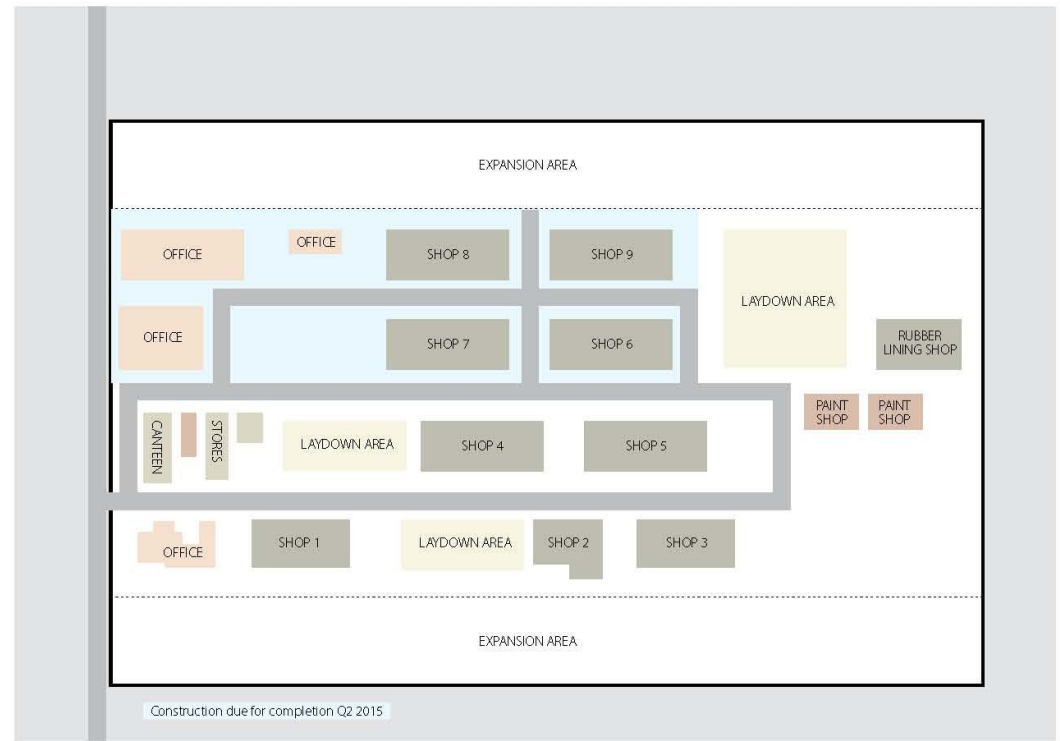

- CISRS Scaffolding Supervisor
- CSCS Health & Safety Specialist Supervisory
- CCNSG Safety Passport

COMPLETED CLIENT PROJECTS

Chevron	Ongoing Offshore	Thailand
CUEL	Ichthys INPEX LNG	Australia
PTT EP	Carigali Offshore	Malaysia
CPOC	Petronas Offshore	Malaysia & Thailand
British Gas	Offshore	India
Bechtel	Wheatstone LNG	Australia
Carigali Hess	Offshore	Malaysia & Thailand
Fortescue Metals Group	Soloman Iron Ore	Australia
BHP Biliton	Nickel West	Australia
DB Schenker	Gorgon LNG	Australia
CR Asia	Offshore	Thailand
Acsent Asia	Perth New Children's Hospital	Australia
Proco	Fuel Tankers	USA
KrisEnergy Limited	Offshore Thailand	Malaysia

RAYONG SITE DETAILS & MAP

Rayong Fabrication Facility Approx. 137,000m²

- Workshops
- Warehouses
- Blasting Shop
- Painting Shop
- Material Laydown
- Packing Area
- Loading Area
- Offices
- Utilities

SATTAHIP PORT SITE DETAILS

Sattahip Laydown Area Approx. 83,000m²

Yard 1

7,000m² with reinforced concrete surface less than 50 meters from Sattahip's general cargo berth.

Yard 2

64,000m² undeveloped only 1.5km from the port.

Yard 3

12,500m² with reinforced concrete surface less than 1.5km from Sattahip's general cargo berth.
